NASHVILLE GOLD MASS FOR SCIENTISTS

18 APRIL, 2023 | 5:30 | CATHEDRAL OF THE INCARNATION

WITH GUEST SPEAKER: MAUREEN CONDIC
WHO WILL BEGIN HER TALK AFTER MASS, AT 7:00 PM IN THE FLEMING CENTER. REFRESHMENTS WILL BE PROVIDED.

WHEN DOES HUMAN LIFE BEGIN? WHEN DOES IT END?

Maureen Condic,
University of Utah

There has been considerable debate over both when human life begins and when it ends. The continuous nature of human development makes it challenging to decide precisely when a new human being comes into existence. Conversely, it is difficult to pin-point the precise moment at which death occurs, particularly in cases where bodily systems are undergoing a gradual decline. The concept of organismal integration distinguishes mere human cells from a developing human being, and identifies the precise moment at which the life of a human being initiates. Similarly, organismal integration helps to distinguish bodily activities that arise from the intrinsic properties of cells from those that can only be explained by the continuing life of a human organism.

EASTER GIVING

"For God so loved the world that he gave his only Son, so that everyone who believes in him might not perish but might have eternal life." Jn 3:16

Together with Jesus' self-offering to His Father, we join ourselves and all the good gifts that God has given us. We gratefully use and share these many gifts we have been given by God and, with thankful hearts, we are drawn closer to Him and to one another. In this sense, our stewardship is Eucharistic. Consider remembering the Cathedral in your Easter giving. Your gift helps us provide for the ministries, facility upkeep, and programs of the Cathedral. We are grateful for your support. You can make a gift by visiting

<https://www.osvhub.com/cathedralnashville/giving/funds/easter>
or use the QR code.
